Chin Chee Jia (Julia)
4700 King Abdullah University of Science and Technology, Mail #1650, Thuwal, 23955-6900, KSA +966-054-045-8377 Julia.chin@kaust.edu.sa

Sept 2009   King Abdullah University of Science and Technology, Saudi Arabia
Cumulative GPA: 4.0  Sept 2009  University of California, Los Angeles, United States B.S. in Molecular, Cell and Developmental Biology, Minor in Biomedical research Cumulative GPA: 3.98  Research Experience  Aug 2008 Sept 2009  Stem Cell Research, University of California, Los Angeles  Proficient in molecular biology techniques and mammalian cell culture including human
Sept 2009  University of California, Los Angeles, United States  B.S. in Molecular, Cell and Developmental Biology, Minor in Biomedical research  Cumulative GPA: 3.98  Research Experience  Aug 2008 Sept 2009  Stem Cell Research, University of California, Los Angeles  Proficient in molecular biology techniques and mammalian cell culture including human
B.S. in Molecular, Cell and Developmental Biology, Minor in Biomedical research Cumulative GPA: 3.98  Research Experience  Aug 2008 Sept 2009  Stem Cell Research, University of California, Los Angeles  Proficient in molecular biology techniques and mammalian cell culture including human
Cumulative GPA: 3.98  Research Experience  Aug 2008 Sept 2009  Stem Cell Research, University of California, Los Angeles  Proficient in molecular biology techniques and mammalian cell culture including human
Research Experience  Aug 2008 Sept 2009  Stem Cell Research, University of California, Los Angeles  Proficient in molecular biology techniques and mammalian cell culture including human
Aug 2008 Sept 2009 Stem Cell Research, University of California, Los Angeles  Proficient in molecular biology techniques and mammalian cell culture including human
Sept 2009  • Proficient in molecular biology techniques and mammalian cell culture including human
<ul> <li>Proficient in molecular biology techniques and mammalian cell culture including human</li> </ul>
embryonic stem cell lines.
<ul> <li>Successfully knock-down gene of interest in human embryonic stem cells via lentiviral</li> </ul>
transduction.
T. 2000 D. C. CN. L. L. T. C. CO. C. C. L. A. L.
Jan 2008 Division of Nephrology, University of California, Los Angeles
<ul> <li>Aug 2008</li> <li>Assumed responsibility for extraction, purification and structural analysis of a membrar</li> </ul>
protein.
<ul> <li>Optimized culture supernatants conditions for high quality membrane proteins.</li> </ul>
Job Experience
Oct 2007 Health Care Internship, University of California, Los Angeles
Sept 2009 UCLA Medical Center
Served as Department Coordinator Assistant in tracking the quality of the internship  program.
<ul><li> Assisted doctors in the departments of pharmacy, radiology, labor and delivery,</li></ul>
emergency room and intensive care units.
emergency room and intensive care aims.
Aca demic Honors
July 2010 Fulbright International Science and Technology Award
<ul> <li>Globally competitive, prestigious scholarship awarded to 40 students in the world</li> </ul>
Volunteer and Public Services
Mar 2008 City Lab, Science Program for inner city high school students
Aug 2008 University of California, Los Angeles  • Teaching assistant (6 hours/week)
Jan 2007 Leader of Peer Volunteers Programs, Green River Community College
Mar 2007  Leader of Feet Volumeers Frograms, Green River Community Conege  Mar 2007
Organize over 30 volunteers to facilitate international student orientations
Planned of a range of activities and social events for 200 incoming students

## Languages

• Proficient in English and Chinese; Beginner in Malay
